FATIMA AZEEM

FRONT-END WEB DEVELOPER

Email: fatimaazeem0425@gmail.com | Contact no: 03181268630

Dedicated Front-End Web Developer with a passion for crafting responsive, interactive, and user-focused web applications. Eager to tackle dynamic challenges and deliver impactful results by leveraging creativity and expertise in modern web technologies. Proven ability in user-centric problem-solving, project management, and seamless collaboration with cross-functional teams to achieve innovative solutions.

AREA OF EXPERTISE

HTML	JavaScript	Bootstrap
CSS	React.js	Responsive Design
Debugging & Problem-Solving	Git & GitHub	

KEY ACHIEVEMENTS

- **Task Manager:** Developed a task management web application using React.js, enabling users to create, track, and prioritize tasks with deadlines and reminders**.**
- **Library Management System:** Developed a library management system using front-end technologies (HTML, CSS, JavaScript), enabling seamless management of books, member records, and transaction tracking.
- **Gym Management System:** Developed a gym management platform using React.js, featuring member registration, class scheduling, and payment tracking to streamline gym operations.

PROFESSIONAL EXPERIENCE

Social Swril Company (Remote)   **April 6 – July 6 (2024)**

- Collaborated with a remote team of developers to design and implement responsive and interactive front-end features for web applications, utilizing HTML, CSS, JavaScript, and modern frameworks to enhance user experience.

Oracle   **Sept 12 – Dec 12 (2023)**

- Engaged in an intensive learning internship focused on Oracle APEX, acquiring hands-on experience in developing web applications and enhancing skills in database management and low-code development platforms.

EDUCATION

Bachelor of Science in Software Engineering   **Feb 2023 - Ongoing**

PAF KIET

- Currently pursuing a BS in Software Engineering, with 2 years completed, gaining a strong foundation in software development, programming, and system analysis.

Intermediate in Pre-Engineering   **April 2020 - June 2022**

SMBB Government Girls Degree College

- Completed an intermediate program in Pre-Engineering, with a focus on mathematics, physics, and chemistry, laying the groundwork for a career in software engineering.

Matriculation in Computer Science   **April 2018 - May 2020**

Dhacss Phase 4 Campus

- Completed matriculation with a focus on computer science, building a strong foundation in programming and computer fundamentals.
